

European School of Genetic Medicine

3rd Course in Eye Genetics October 13-15, 2013

Registration Fee:

750 €

(Accommodation in double rooms, tuition, course materials, lunches, coffee breaks, dinners and transportation).

**ESHG
FELLOWSHIPS
ARE AVAILABLE!**

For updates, programme, registration and info on fellowships please visit the CEUB website www.ceub.it

The University Residential Centre of Bertinoro (Ce.U.B.), Bertinoro di Romagna, Italy.

Directors:

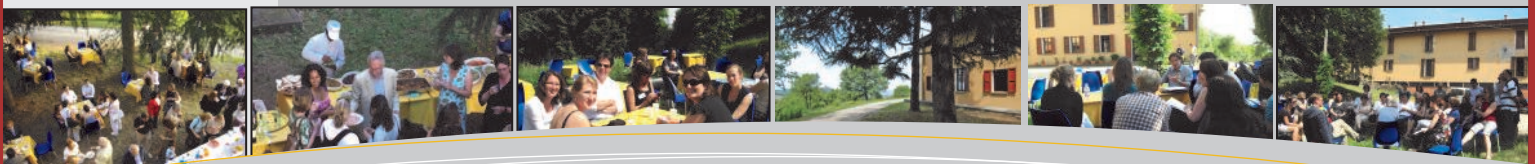

R. Allikmets (Columbia University, New York), A. Ciardella (Policlinico Sant'Orsola, Bologna), B. P. Leroy (Ghent University, Ghent) M. Seri (U.O Genetica Medica, Bologna).

Course Description:

The Eye Genetics Course is a 3-day long postgraduate level course aimed at both clinicians and researchers seeking an up-to-date introduction to, as well as an overview of ophthalmic genetics today. The course will cater for an audience including ophthalmologists, clinical and molecular geneticists, and genetic counselors. Topics covered include genetics of inherited retinal diseases, age-related macular degeneration, myopia, glaucoma, corneal disease, optic neuropathies, ocular developmental disease, and gene therapy. The faculty combines experts from all fields of ophthalmic genetics known for their didactic skills. Participants are encouraged to present a clinical or genetic case of eye disease and will be coached before presenting. Prizes will be awarded for three best presentations.

Speakers:

R. Allikmets (New York, USA), S. Banfi (Naples, Italy), P. Barboni (Bologna, Italy) W. Berger (Zürich, Switzerland), G. Black (Manchester, UK), V. Carelli (Bologna, Italy), A. Ciardella (Bologna, Italy), F. Cremers (Nijmegen, the Netherlands), C. Graziano (Bologna, Italy), G. Hall (Manchester, UK), N. Katsanis (Durham, USA), B. Leroy (Ghent, Belgium), K. Neveling (Nijmegen, the Netherlands), M. Seri (Bologna, Italy), E. Surace (Naples, Italy) A.Sodi (Florence, Italy), J. Sowden (London, UK).
